

Victoria Forms

Vacancy for Angular / ASP.NET Web Developer

Experienced software developers required (with a minimum of 2 years' experience).

The Role

Victoria Forms is developing a range of exciting new products around our eForms system, using the latest Microsoft dev software: C#, .NET Core, ASP.NET Core, Entity Framework, etc., and Angular.

This is very innovative software, with industry leading features, that provides many interesting challenges for a skilled developer.

You will work within our development team to refine and extend a variety of new in-house created web-applications, covering:

- eForm Design and Styling
- eForm Processing
- ECommerce
- Customer Account Management

You will also contribute to writing code for a varied range of custom projects for our customers. Typical examples:

- CRM integration
- ePayment processing
- Online mapping
- Back office system integrations
- Messaging

Skills required

Successful candidates will have reached Expert Level at creating web applications, and must really enjoy writing brilliant code.

You must have a proven track record in delivering high-quality polished web applications using Angular and ASP.NET Core.

Although part of a development team, candidates must be “all rounders” – who are able to produce modern-looking, self-tested, easy-to-use, functional applications, by speedily writing professional, clear, functional and future-proof code, using latest Microsoft development tools.

Candidates must also be happy – along with our other developers – to occasionally help with some tasks within the business – customer support, server maintenance, assisting sales team with technical queries, writing technical documentation, etc.

Technical Skillset

ASP.NET and ASP.NET Core (C#, VB), MVC, Angular, Entity Framework, SQL Server, HTML, JavaScript, CSS, IIS

The successful candidate will:

- Be able to gain a full understanding of project aims.
- Show self-motivation, initiative and confidence in working without supervision.
- Have a good standard of written English.
- Be happy to work in a small team, where you will take on a lot of responsibility.

It is expected that the candidate is educated to degree level in an IT related area or to have gained a high level of expertise in IT.

Additional Information

- We are a rapidly growing IT company with a nationwide customer base.
- This is an office-based role – we have pleasant, friendly offices in the centre of Bury St Edmunds.
- The position has excellent career potential, in a rapidly innovating market, with a salary rising in line with the value added by the applicant.
- Start date to be arranged.
- 24 days holiday per year.
- Workplace Pension.
- Staff are required to pass UK Police Vetting.
- Schedule: Monday to Friday, 9.00am-5.30pm (5.00pm on Friday), with flexibility to shift these hours an hour either way.

Overseas Candidates & Visa Sponsorship

We will consider sponsoring working visas of exceptional candidates from outside the UK.

Job Type: Full-time, Permanent

Salary: £25,000.00-£45,000.00 per year

COVID-19 considerations

Initially most work will be done remotely. We expect to return to full on-site working, in our Bury St Edmunds office, when circumstances allow. Partial remote working option may be considered.

Benefits

- Casual dress
- Company events
- Flexible schedule
- On-site parking
- Sick pay
- Work from home

To Apply:

- Please send CV and covering letter to jobsvf@victoriaforms.co.uk.
