

Victoria Forms

Vacancy for ASP.NET Core / Angular Developer

Experienced software developer required for well-established company based in Bury St Edmunds.

The Role

Victoria Forms is developing a range of products around our unique online forms system, using ASP.NET Core (including Entity Framework) and Angular.

As well as our core projects, we also maintain a range of other projects requiring other skills, including ASP.NET (C# and Visual Basic .NET), React, Classic ASP, Visual Studio Tools for Office and Vue.js. The ideal candidate will have some experience of some of these.

You will work within our development team to refine our existing software and develop new programs, including adding integration with other systems, for example:

- Mapping services
- Payment providers
- Data lookup services (e.g. Address lookup)
- Back-office systems

Candidates must also be happy – along with our other developers – to occasionally help with some tasks within the business – customer support, server maintenance, assisting sales team with technical queries, writing technical documentation, etc.

Skills required

- With at least two years' experience of software development, you should love creating brilliant code, with a proven track record in delivering high-quality, self-tested polished web applications.
- Our primary skillset is Angular and ASP.NET Core (or ASP.NET), and of course HTML, CSS and JavaScript. You should have experience and advanced understanding of all of these.
- Experience of any of the secondary technologies mentioned above would be an advantage.
- You should be able to gain a full understanding of project aims.
- You are self-motivated and confident in working without supervision.
- You should have a good standard of written English.
- You should be happy to work in a small team, where you will take on a lot of responsibility.

It is expected that the candidate is educated to degree level in an IT related area or to have gained a high level of expertise in IT.

If you don't have all of the above, but think you'd be a perfect fit, please do get in touch.

About us

Victoria Solutions (trading as Victoria Forms) was established in 2003 and supplies online forms systems to the UK Government market. In recent years, we have launched VF Creator, a form design add-in for Microsoft Word. This has enabled us to expand to other sectors, including Recruitment

agencies, Letting agents and Education, with customers based in New Zealand and the US as well as across the UK.

Now is an exciting time to join us: we're looking for people to help us as we grow rapidly and become an important long-term part of our team.

Additional Information

- This is an office-based role – we have pleasant, friendly offices in the centre of Bury St Edmunds with on-site parking.
- The position has excellent career potential, in a rapidly innovating market, with a salary rising in line with the value added by the applicant.
- Start date to be arranged.
- 24 days holiday per year.
- Workplace Pension.
- Staff may be required to pass UK Police Vetting.
- Schedule: Monday to Friday, 9.00am-5.30pm (5.00pm on Friday), with flexibility to shift these hours an hour either way.

Overseas Candidates & Visa Sponsorship

We will consider sponsoring working visas of exceptional candidates from outside the UK.

Job Type: Full-time, Permanent

Salary: £25,000 – £45,000 per year

COVID-19 considerations

During the pandemic, most of our staff have been working from home. As a company we are still considering the best return to on-site working though some staff are already working in the office.

It is envisaged that this role will be fully on-site, in our Bury St Edmunds office, with the future potential for remote working depending on our company policies.

To Apply:

- Please send CV and covering letter to jobsvf@victoriaforms.co.uk.
